

## White River Area Preparedness (WRAP)

Minutes – 6-1-23

The meeting was called to order by President Don Davidson at 6:15 p.m.

**Old Business:** None

**New Business:**

Another speaker suggestion: Kyle Wren, CEO at Rangely District Hospital.

Discussion regarding WRAP two-way radios and how they work. A suggestion was made to have training for all those who bought radios. Subjects covered would include but not limited to how a repeater works, what channels we are using and proper protocol for transmitting. Those who plan on practicing during training need to obtain an FCC license. There is a link on the WRAP website under Resources. The cost is about \$35 and there is no test. Those who wish to purchase a radio for about \$35 can contact Mark Stamos for information.

Other new business:

WRAP received an invitation to Septemberfest. A motion was made, seconded and carried to reserve a booth. There was a short discussion about what to offer at the booth. A suggestion was made to raffle off a couple radios as a fund raiser. The discussion was tabled.

Discussion about changing the next meeting to July 10<sup>th</sup> because the regular meeting night of July 3<sup>rd</sup> is right before Independence Day.

**Announcements:**

The next meeting will be Thursday, July 10 at 6:00 p.m. It will be a two-way radio training session.

Meeting was adjourned at 7:30 p.m.

Respectfully submitted,  
Jane Pennell

**Correction:** On 6-7-23, Mark Stamos pointed out that the first Thursday of July is not the 3<sup>rd</sup> but the 6<sup>th</sup>. Date of the July meeting will be decided by the board of directors at their Zoom meeting on June 15<sup>th</sup>.

My apologies,  
Jane Pennell
